## List of Tables

## 1 Introduction

The scientific research follows the model shown in the figured cross-referenced here (Figure [1](#)).

## 2 Material and Methods

Data and methods are discussed in Section [2.2](#). This citation will appear in the bibliography section (Gouveia et al. (2017); Medeiros et al. (2008)).

### 2.1 Study Area and Sampling Design

See publications by Gouveia et al. (2017).

### 2.2 Data Collection

See publications by Macêdo et al. (2019).

### 2.3 Statistical Analyses

Here you can add your statistical analyses and follow the text with the RStudio code. Following the model in [https://elviomedeiros.github.io/Bentos2006\\_Q/](https://elviomedeiros.github.io/Bentos2006_Q/).

```
1 plot(1:10)
```

## 3 Results

The results section should follow the model in [https://elviomedeiros.github.io/Bentos2006\\_Q/](https://elviomedeiros.github.io/Bentos2006_Q/).

### 3.1 Environmental variables

### 3.2 Community structure

## 4 Discussion

## Conclusions

## Acknowledgements

## Authorship contribution statement

Authorship of this paper is based on CRediT (2026).

Author1: Writing – review & editing, Writing – original draft, Formal analysis, Data curation, Conceptualization. Author2: Writing – review & editing, Data curation, Conceptualization. Author3: Writing – review & editing, Formal analysis, Data curation, Conceptualization.

## Ethical approval

This study did not require ethical approval as it did not involve human participants or sensitive data. Field surveys were conducted based on collection permit number (IEF-10327-6 and SISBIO-10.635-7).
